Kevin Mock  
URS Corporation  
1615 Murray Canyon Rd, Suite 1000  
San Diego, Ca 92108

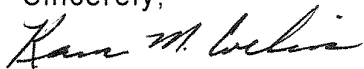

Drear Mr. Mock,

On November 23, 2005 you and Adele Philippides conducted a record and literature search for the IID locations in El Centro and Niland, California at this information center. You were shown the location of the base maps, historic maps, reports and instructed as to how to retrieve site records.

Please remember that if the project will go subsurface more than fifteen feet it may come across previous shore lines from earlier fillings of Lake Cahuilla.

If you have questions please feel free to call.

Sincerely,

Karen M. Collins  
Assistant Director SEIC
